

Before Starting the Project Application

To ensure that the Project Application is completed accurately, ALL project applicants should review the following information BEFORE beginning the application.

Things to Remember

- Additional training resources can be found on the HUD Exchange at <https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/> - Program policy questions and problems related to completing the application in e-snaps may be directed to HUD via the HUD Exchange Ask A Question.
- Project applicants are required to have a Data Universal Numbering System (DUNS) number and an active registration in the Central Contractor Registration (CCR)/System for Award Management (SAM) in order to apply for funding under the Fiscal Year (FY) 2018 Continuum of Care (CoC) Program Competition. For more information see FY 2018 CoC Program Competition NOFA.
- To ensure that applications are considered for funding, applicants should read all sections of the FY 2018 CoC Program NOFA and the FY 2017 General Section NOFA.
- Detailed instructions can be found on the left menu within e-snaps. They contain more comprehensive instructions and so should be used in tandem with onscreen text and the hide/show instructions found on each individual screen.
- Before starting the project application, all project applicants must complete or update (as applicable) the Project Applicant Profile in e-snaps.
- Carefully review each question in the Project Application. Questions from previous competitions may have been changed or removed, or new questions may have been added, and information previously submitted may or may not be relevant. Data from the FY 2017 Project Application will be imported into the FY 2018 Project Application; however, applicants will be required to review all fields for accuracy and to update information that may have been adjusted through the post award process or a grant agreement amendment. Data entered in the post award and amendment forms in e-snaps will not be imported into the project application.
- Expiring Shelter Plus Care projects requesting renewal funding for the first time under 24 CFR part 578, and rental assistance projects can only request the number of units and unit size as approved in the final HUD-approved Grant Inventory Worksheet (GIW).
- Expiring Supportive Housing Projects requesting renewal funding for the first time under 24 CFR part 578, transitional housing, permanent supportive housing with leasing, rapid re-housing, supportive services only, renewing safe havens, and HMIS can only request the Annual Renewal Amount (ARA) that appears on the CoC's HUD-approved GIW. If the ARA is reduced through the CoC's reallocation process, the final project funding request must reflect the reduced amount listed on the CoC's reallocation forms.
- HUD reserves the right to reduce or reject any renewal project that fails to adhere to 24 CFR part 578 and the application requirements set forth in the FY 2018 CoC Program Competition NOFA.

Information About Submission without Changes

After Part 1 is completed; including this screen, Recipient Performance screen, and Renewal Grant Consolidation screen, then Parts 2-6, are available for review as "Read-Only;" except for 3A, 7A and 7B which are mandatory for all projects to update. After project applicants finish reviewing all screens, they will be guided to a "Submissions without Changes" Screen. At this screen, if applicants decide no edits or updates are required to any screens other than the mandatory questions, they can submit without changes. However, if changes to the application are required, e-snaps allows applicants to open individual screens for editing, rather than the entire application. After project applicants select the screens they intend to edit via checkboxes, click "Save" and those screens will be available for edit. Importantly, once an applicant makes those selections and clicks "Save" the applicant cannot uncheck those boxes.

If the project is a first-time renewal or selects "Fully Consolidated" on the Renewal Grants Consolidation screen, the "Submit Without Changes" function is not available, and applicants must input data into the application for all required fields relevant to the component type.

Recipient Performance

1. Has the recipient successfully submitted the APR on time for the most recently expired grant term related to this renewal project request? Yes

2. Does the recipient have any unresolved HUD Monitoring and/or OIG Audit findings concerning any previous grant term related to this renewal project request? No

3. Has the recipient maintained consistent Quarterly Drawdowns for the most recent grant term related to this renewal project request? Yes

4. Have any Funds been recaptured by HUD for the most recently expired grant term related to this renewal project request? Yes

Explain the circumstances that led HUD to recapture funds from the most recently expired grant term related to this renewal project request.

The Greater Hartford Rental Assistance project had some funds recaptured by HUD during the most recent expired grant term. The recaptured funds were due to the tenants having income and thus paying a higher tenant portion of the rent, as well as and the project's ability to help tenants locate housing that is affordable. The experienced housing coordinators negotiate favorable rents with landlords. In the past, the project was able to go over capacity and house additional families. In an effort to stay close to expending all funds, we were not able to predict all tenant income increases and some departures from the program, although we house new participants as quickly as possible. We will continue to monitor expenditures for this grant and will continue to house additional CH people as funding allows.

Renewal Grant Consolidation Screen

HUD encourages the consolidation of renewal grants. As part of the FY 2018 CoC Program project application process, project applicants can request their eligible renewal projects to be part of a Renewal Grant Consolidation. This process can consolidate up to 4 renewal grants into 1 consolidated grant. This means recipients no longer must wait for grant amendments to consolidate grants. All projects that are part of a renewal grant consolidation must expire in Calendar Year (CY) 2019, as confirmed on the FY 2018 Final GIW, must be to the same recipient, and must be for the same component and project type (i.e., PH-PSH, PH-RRH, Joint TH/PH-RRH, TH, SSO, SSO-CE or HMIS).

1. Is this project application requesting to be part of a renewal grant consolidation in the FY 2018 CoC Program Competition? Yes
 If "No" click on "Next" or "Save & Next" below to move to the next screen.

2. Is this an individual project application or a fully consolidated project application? Fully Consolidated

The Greater Hartford Rental Assistance program is conducted by the Capitol Region Mental Health Center, a lead behavioral health authority of the DMHAS. The original grant is a prior legacy 1993 grant of 156 certificates, which was merged into by, the 2003 Family Grant of 15 certificates, the 2006 Shelter Plus Care grant of 7 certificates the 2012 grant of 10 certificates, as well as the 2013 grant of 11 CH certificates. This grant will continue serving 209 individuals & families who have experienced homelessness and are disabled. There is a critical community need for PSH to serve CH persons in the region. This project follows HUD Notice CPD-14-012 to prioritize serving CH persons w/the longest history of homelessness & most severe service needs in order. The Greater Hartford Coordinated Access Network (GH CAN) is part of the statewide Coordinated Entry System (CES), coordinating outreach to unsheltered & sheltered people, determining priority based on length of homelessness & vulnerability, using common assessment tool. Full range of behavioral health services are provided by the Applicant. Case management services staff work with participants to identify strengths, goals & issues, develop individualized service plan to meet specific goals and growth targets. Behavioral health care services address disability issues & domestic violence recovery plans. This Applicant, DHMAS, has many contracts with non-partners. The program also provides assessment of service needs, education services, employment assistance, food, housing search & counseling services, life skills training & transportation. The project relies on HUD funds to support activities that cannot be funded through mainstream sources; HUD CoC funds are needed to make this project possible, help end chronic homelessness in CT BOS CoC. Outreach is conducted by PATH staff, Housing Outreach Teams, & in all shelters . All non-partners work closely with the DMHAS to ensure tenants are connected to mental health services (both state & Medicaid funded) & providers make referrals to health centers, substance use treatment, food pantries, transportation, employment, education & other services. This project has SOAR affiliation to help connect with benefits. This project follows Housing First, provides housing quickly w/o barriers such as income, sobriety, or service participation requirements. The GHRA program's experienced housing coordinators inspect apartments, confirm leases & generate proper tenant rent portion calculations. Performance goals for the program are to for over 90% of participants to retain housing for over 6 months to exit to permanent destinations, & for 90% of those over 18 years to maintain or increase income.

1. Describe the experience of the applicant and potential subrecipients (if any), in effectively utilizing federal funds and performing the activities proposed in the application, given funding and time limitations.

The Connecticut State Department of Mental Health and Addiction Services is a cabinet level agency of cognizance for individuals who experience severe mental illness and substance abuse conditions. The Department has extensive experience providing access to housing with support service to our target population, homeless and disabled individuals. The Housing Resources Unit was created in the early 1990s within the Commissioner's Office to assign organizational priority to the provision of decent, safe and affordable housing, a

priority condition to successful community living. The efforts have resulted in grant awards from the U.S. Department of Housing and Urban Development in excess of \$40 million under the Continuum of Care Shelter Rental Assistance Programs. In addition, the Department has collaborated with the renewed CT Department of Housing, the Corporation for Supportive Housing, five state agencies, public and private foundation funders in the creation of a demonstration project which provides Supportive Housing to 286 individuals, many of whom were formerly chronically homeless. DMHAS and community partners have been very active in developing and implementing Coordinated Access Networks statewide, including the Greater Hartford Coordinated Access Network (GH CAN). We follow the Housing First model statewide. In addition to shelter and Permanent Housing Programs, the state and its partners bring an array of additional services such as behavioral health, supportive employment, basic needs supports, access to Medicaid eligible services, as well as outreach and respite when needed.

2. Describe the experience of the applicant and potential subrecipients (if any) in leveraging other Federal, State, local, and private sector funds.

The Department of Mental Health and Addiction Services has collaborated with the Corporation for Supportive Housing, five state agencies, public and private foundation funders in the creation of housing projects statewide. The department collaborates with the Connecticut Housing Finance Authority (CHFA) and the State Department of Economic Development (DECD), and the State Department of Housing (DOH) to leverage development and housing dollars. In addition, the Department collaborates with the CT DOH to provide Rental Assistance (RAPS) for these projects. The Department has collaborated with these state and private agencies to develop the Housing First Pilot Project and the Frequent Users Service Enhancement (FUSE) Program. FUSE provides rental assistance and support services to individuals who are homeless, disabled and have high rates of incarceration. The City of Hartford and the Hartford sub-Continuum of Care, in participation with DMHAS, Hartford Foundation for Public Giving, and private non-profit agencies, have obtained other funding for Rapid Rehousing, Universal Application implementation, and other innovative programs to further our goal of ending chronic homelessness. We continue to enhance the statewide Coordinated Access Network and statewide CT HMIS systems.

3. Describe the basic organization and management structure of the applicant and subrecipients (if any). Include evidence of internal and external coordination and an adequate financial accounting system.

The State of Connecticut Department of Mental Health and Addiction Services (DMHAS) has fiscal responsibility for these grants. CT - DMHAS follows traditional accounting procedures and has several layers of internal and external controls to ensure all financial transactions are accurate. DMHAS has a Fiscal Unit that encompasses all the traditional aspects of financial management including accounting, auditing, contracting and payment. The DMHAS has a stand-alone auditing unit that monitors DMHAS contracts and payments to ensure that all funds are expended according to the appropriate funding regulations. Capitol Region Mental Health Center in Hartford is the lead mental health

authority for the Greater Hartford area. Capitol Region Mental Health Center manages the area's mental health service system through both its own direct service operations and through contracts with private, not for profit providers. Capitol Region Mental Health Center operates behavioral and mental health outpatient services, Community Support Program (CSP), residential services, Young Adult Services (YAS) and Mobile Crisis Services for those with psychiatric and co-occurring substance abuse disorders.

The Greater Hartford Rental Assistance Program currently administers 8 former S+C grants and 1 former SHP grant, and coordinates multiple participating provider agencies who work with participants in developing individualized service plans that include case management, employment and mainstream resources, and community integration activities. Experienced and HUD trained housing coordinators provide leasing and tenancy education services to individuals and families housed in these programs.

4a. Are there any unresolved monitoring or audit findings for any HUD grants(including ESG) operated by the applicant or potential subrecipients (if any)? No

1. Provide a description that addresses the entire scope of the proposed project.

This project provides scattered site housing to 9 CH individuals w/the longest history of homelessness/most severe service needs, as identified through the VI-SPDAT in Greater Hartford. CT DMHAS administers tenant based rental assistance. CH individuals served are the most vulnerable, in the greatest need of housing/services, living w/ disabilities such as HIV/AIDS, mental illness, & substance abuse. Participants may also be CH veterans ineligible for VASH. The Greater Hartford region has identified only a very small number of CH young adults, so the focus of this project is CH adults. The project recipient and

partners of the project provide client centered supportive services in an integrated setting and use Housing First. There is a critical community need for PSH to serve CH persons in the region. This project follows HUD Notice CPD-14-012 to prioritize serving CH persons w/the longest history of homelessness & most severe service needs in the order indicated in the notice. During the intake process, staff work w/tenants to identify housing needs/preferences & locate a suitable unit. All tenants complete a full assessment within 30 days of entry & a service plan focused on ensuring tenants understand lease obligations, have income & are connected to needed services to address medical/behavioral health issues that may impede housing stability. Reassessments/service plans are completed every 6 months. The primary goal of the project is to maintain housing stability (targets: 90% of all tenants remain in PSH or move to PH and 81% maintain or increase income. The project will rely on HUD funds to support activities that cannot be funded through mainstream sources; HUD CoC funds are needed to make this project possible, help end chronic homelessness in the geographic area & enable the community to maintain "Zero". Outreach for this program is conducted by PATH staff, Housing Outreach Teams, CAN Navigators, & in all shelters. The applicant and partners participate in local Coordinated Access Networks (CANs), which make determinations of eligibility & ensure the VI-SPDAT is administered. Case management is provided/coordinated by long-standing partners and other community non-partners, who all participate in the CAN. All partners work closely with the DMHAS & the local mental health authority to ensure tenants are connected to mental health services (both state & Medicaid funded), make referrals to health centers, substance use treatment, food pantries, transportation, employment, education & other services. This project participates in HMIS. The Housing First approach for this project provides housing quickly w/o barriers such as income, sobriety, or service participation requirements, then provides services once housed to meet tenancy obligations/achieve personal goals.

2. Describe the estimated schedule for the proposed activities, the management plan, and the method for assuring effective and timely completion of all work.

If awarded, the PSH project will be ready to begin leasing up units & serving tenants immediately. Within 90 days of award, 50% of the units will be leased-up & within 150 days, 100% of units will be leased up & the project will be at full capacity. The applicant, DMHAS, has established relationships with landlords & is prepared to lease-up additional units upon notice of award. All partners have funded case management and service staff in place, and the CABHI grant from SAMHSA provides additional intensive case management. DMHAS has contracts in place with community partners for the provision of health & behavioral health services as well as a host of other services. All supportive services will be in place once tenants are housed. DMHAS will be in charge of assuring that the project begins on time & meets the deadlines. DMHAS will monitor progress on the project & will ensure that the timeframe presented is met. In addition, the CT BOS Steering Comm will monitor the progress of the lease-up process & will work with 211 & the Greater Hartford Coordinated Access Network as needed. DMHAS currently administers rental assistance for over 1200 units of HUD CoC funded housing & therefore has the processes already in place to begin rental assistance immediately. Local program staff are highly experienced Manager and Housing Coordinators, and have existing

relationships with multiple landlords who are ready to lease additional units if this program is awarded.

1a. Are the proposed project policies and practices consistent with the laws related to providing education services to individuals and families? Yes

1b. Will the proposed project have a designated staff person to ensure that the children are enrolled in school and receive educational services, as appropriate? Yes

2. Describe how participants will be assisted to obtain and remain in permanent housing.

This PSH project will utilize unlimited TBRA for the grant term. Tenant portion of the rent is calculated on household income. Housing staff quickly locate units, negotiate with landlords, perform housing inspections & rapid housing starts. All rents meet FMR guidelines. Rent reasonableness is ensured by assessing 3

comparables. Housing coordinators were trained by local HUD staff, are experienced HQS inspectors, assure guidelines compliance, properly & accurately process lease documents. Tenants select apartments of their own choosing. We assist clients to find units with easy access to community amenities (i.e., grocery stores, pharmacies), positive support systems (family, AA, church) & help make linkages. Assessments identify issues & assist clients obtain mainstream benefits quickly. Services contribute to overall household stability & help maintain housing. We have positive relationships with landlords who understand housing homeless households.

3. Describe specifically how participants will be assisted both to increase their employment and/or income and to maximize their ability to live independently.

For individuals who are able to work, case managers will help tenants explore job interests, identify activities to develop employment related skills, discuss job opportunities, provide referral to job training programs, employers, employment agencies, and vocational programs. Agency staff members use evidence-based curricula that assist tenants to determine the best prospective employment areas. These agencies even offer their own employment-related services. For example, Mercy operates Jumpstart to Jobs Program and CRT runs a SNAP Employment Training program that offers career counseling, job training and work experience to SNAP recipients from the Greater Hartford area. The participant agencies have also developed long working with outside agencies as the Workforce Board, CT Department of Labor, CT Works, CT Bureau of Rehabilitation (BRS), Easter Seals/Goodwill Industries and the Department of Veteran Affairs. The City of Hartford has launched a new collaborative effort to assist people experiencing homelessness get expedited services at the Workforce Board and BRS. Our different staff members – case managers and employment specialists – have experience working with people who are homeless and formerly homeless and can focus on the distinct needs of this population as well as tailoring plans for the individual participant. As some of the participants served through this new program will never be able to hold a full-time job, it is essential to ensure that clients obtain and retain the different benefits for which they are eligible (food stamps, SSI, SSDI, Medicaid, SAGA, etc.). Many clients will come to the program with disability benefits and some form of health insurance in place. We help them to retain them. For those who do not have these and other benefits, the appropriate and SOAR staff members at the different agencies will work on the necessary paperwork with the participants.

4. For all supportive services available to participants, indicate who will provide them, how they will be accessed, and how often they will be provided.

4B. Housing Type and Location Detail

Instructions:

ALL PROJECTS EXCEPT HMIS

A unique detail screen should be completed for each structure. In the case of clustered apartments, a single complex with multiple addresses may be entered on one detail screen. In the case of scattered-site apartments, all scattered-site units within a single FMR area may be entered on one detail screen.

Housing Type: This is a required field. Select the proposed Housing Type from the dropdown menu. Refer to the Project Application Detailed Instructions for a definition of each Housing Type.

Indicate the maximum number of units and beds available for project participants at the selected housing site: This is a required field. Indicate the number of units and beds that will be served by this project.

PH-PSH PROJECTS ONLY

How many of the total beds entered in "2b. Beds" are dedicated to the chronically homeless: This is a required field. Enter that total number of beds that are dedicated to the chronically homeless (CH). Dedicated CH beds are required through the project's grant agreement to only be used to house persons experiencing chronic homelessness, as defined at 24 CFR 578.3, unless there are no persons within the CoC that meet that criteria. These PSH beds are also reported as "CH Beds" on a CoC's Housing Inventory Count (HIC). If a project has dedicated beds to serve CH families, all beds serving the household should be included in this number. If none of the beds are dedicated for the chronically homeless, enter "0."

How many of the total beds entered in "2b. Beds" are not dedicated to the chronically homeless? This is a required field, but it is Auto calculated. The number that is calculated is the difference between 3a and 2b.

How many of the total beds entered in "3b. Beds" are not currently dedicated for the chronically homeless but will be used to assist the chronically homeless when turnover occurs: This is a required field, but it is auto calculated to zero. Since all new PH-PSH projects have to dedicate all units to CH, the number here will be zero.

How many of the beds listed in question "3c." above will be prioritized for use by the chronically homeless? This is a required field, but it is auto calculated to zero. Since all new PH-PSH projects have to dedicate all units to CH, the number here will be zero.

ALL PROJECTS EXCEPT HMIS

Address: This is a required field. Enter the physical address for this proposed project. For Scattered-site housing, programs should enter the address where the majority of beds are located or where most beds are located as of the application submission. For scattered-site apartments or clustered apartments with different addresses, applicants may also choose to enter an administrative address.

Select the geographic area(s) associated with the address: This is a required field. Select the geographic location(s) of the selected Housing Type.

5C. Outreach for Participants

Instructions:

Enter the percentage of project participants that will be coming from each of the following locations: This is a required field. Enter the percentage (between 0% and 100%) of participants that will be coming from each of the following locations:

- Directly from the street or other locations not meant for human habitation
- Directly from emergency shelters
- Directly from safe havens
- Persons fleeing domestic violence

Total of above percentages: The percentages entered will automatically sum when all required fields are entered and the "Save" button is clicked. A warning message will appear if the total is greater than 100%.

If the total is less than 100 percent, identify how the persons meet HUD's definition of homeless and the project type eligibility requirements: This field is required if the total percentage calculated above is less than 100 percent. If required, explain where the unaccounted for participants will come from. All participants served in CoC Program funded projects must meet eligibility criteria set forth in the CoC Program interim rule and the FY 2016 CoC Program NOFA.

Describe the outreach plan to bring these homeless participants into the project: This field is required. Describe how the applicant/subrecipient plans to bring homeless persons into the project. Also describe the contingency plan that the applicant/subrecipient will implement if the project experiences difficulty in meeting the requirements to serve exclusively chronically homeless individuals and/or families. The contingency plan may include re-evaluating the intake assessment procedures or outreach plan.

NOTE The definition of Chronic Homelessness qualifies persons as chronically homeless only when they come from the street or other locations not meant for human habitation, emergency shelter, or safe havens. Additionally, to qualify for rapid re-housing, persons may only come from the street or other locations not meant for human habitation, emergency shelter, or safe havens.

Additional Resources can be found at the HUD Exchange:
<https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources>

1. Enter the percentage of project participants that will be coming from each of the following locations.

18%	Directly from the street or other locations not meant for human habitation.
82%	Directly from emergency shelters.
0%	Directly from safe havens.
100%	Total of above percentages

2. Describe the outreach plan to bring these homeless participants into the project.

This project will use the Greater Hartford Coordinated Assessment Network (GH CAN)'s By-Name prioritized list of chronically homeless individuals to lease-up units and any subsequent vacancies. The program manager is a co-chair of the GH CAN and is active in leadership, outreach and coordinated exit

activities as well. The GH CAN By-Name priority list includes persons from shelters and the streets, and is actively reviewed by the Coordinated Exit Committee. In most cases, unsheltered individuals have previously been engaged by the Homeless Outreach Teams including PATH and DMHAS clinical provider teams, and have indicated a desire for permanent housing. For those who have a difficult time working with new people, or with structured agencies, case managers or CAN Navigators will accompany Outreach Team staff to begin engagement, & build a relationship, while also learning more about their housing preferences. The GH CAN actively works to re-engage chronically homeless unsheltered people who decline housing, attempting to offer housing opportunities at least every two weeks.

For individuals who continue to reside outside, the GH CAN and its Coordinated Entry committee coordinates with the Outreach Teams and GH CAN Navigators to contact and engage with these individuals. While CT is getting close to Zero 2016 at the time of this writing, it is unlikely we will not find eligible Chronically Homeless individuals' households to fill this grant in the Greater Hartford area. The GH CAN has protocols in place to follow HUD prioritization for homelessness. If we cannot find CH households we will reevaluate the intake assessment procedures and outreach plan for the GH CAN and this program.

5D. Discharge Planning Policy

1. Has the state or local government developed or implemented a discharge planning policy or protocol to prevent or reduce the number of persons discharged from publicly-funded institutions (e.g. health care facilities, foster care, correctional facilities, or mental health institutions) into homelessness or HUD McKinney-Vento funded programs? Yes

6A. Funding Request

Instructions:

Will it be feasible for the project to be under grant agreement by September 30, 2018: This is a required field. Select "Yes" or "No" to indicate if this project application is awarded if it will be in a position to begin operating by September 30, 2018. The FY 2016 HUD Appropriations Act requires HUD to obligate FY 2016 CoC Program funds by this date. If "No" is selected, or if the deadline is not met, this may result in the rejection of a grant or the recapture of conditionally awarded funds.

Is the project proposing to use funds reallocated from the CoC's annual renewal demand
OR

Is the project applying for funding through the permanent housing bonus? Select "Reallocation" if this project application was created through the use of funds reallocated from one or more eligible renewal projects.

Does this project propose to allocate funds according to an indirect cost rate? This is a required field. Select 'Yes' or 'No' to indicate whether the project either has an approved indirect cost plan in place or will propose an indirect cost plan by the time of conditional award. For more information concerning indirect costs plans, please consult 2 CFR Part 200.56, Part 200.413 and Part 200.414, FY 2016 NOFA and contact your local HUD office. The following questions become visible if "Yes" is selected:

- Please complete the indirect cost rate schedule below: Applicant must complete at least one row in the grid.

- Has this rate been approved by your cognizant agency? Select "Yes" or "No" from the dropdown menu.

- Do you plan to use the 10% de minimis rate?: Select "Yes" or "No" from the dropdown menu.

Select a grant term: This is a required field. Select the term of the proposed project application. The selection here will determine how the "Summary Budget" will calculate the total funding request. Please refer to the FY 2016 CoC Program NOFA for details concerning grant terms and years of funding for different project types and eligible costs. If a 15 year grant term is selected, only requested costs up to 5 years will be calculated on the application.

Select the costs for which funding is being requested: This is a required field. All project applications must identify the eligible cost budgets for which funding is being requested. The choices available will depend on the project type selected on Screen "3A Project Detail." The following eligible cost budgets may be listed: acquisition/rehabilitation/new construction, leased units, leased structures, rental assistance, supportive services, operations, and HMIS. Indicate only those activities for which the applicant is requesting funding from HUD through the FY 2016 CoC Program competition.

If you do not see the eligible cost budgets that you expected, you may need to return to Screen "3B. Project Description" to review the type of project selected. See the FY 2016 CoC Program NOFA for additional guidance.

6J. Summary Budget

Instructions:

The system populates a summary budget based on the information entered into each preceding budget form. Review the data and return to the previous forms to correct any inaccurate information. All fields are read only with exception to field "8. Admin (Up to 10%)."

Admin (Up to 10%): Enter the amount of requested administration funds. The grant will not fund greater than 10% of the request listed in the field "Sub-Total Eligible Costs Request." If an amount above 10% is entered, the system will report an error and prevent application submission when the screen is saved.

Total Assistance plus Admin Requested: This field is automatically populated based on the amount of funds requested on the various budgets completed by the project applicant and Admin costs requested. This is this is the total amount of funding the project applicant will request in the FY 2016 CoC Program Competition.

Cash Match: This field is automatically populated. If it needs to be changed, return to Screen "6l. Match" to make changes to this field.

In-Kind Match: This field is automatically populated. If it needs to be changed, return to Screen "6l. Match" to make changes to this field.

Total Match: This field will automatically calculate the total combined value of the Cash and In-Kind Match. The total match must equal 25% of the request listed in the field "Total Eligible Costs Request" minus the amount requested for Leased Units and Leased Structures. There is no upper limit for Match. If an ineligible amount is entered, the system will report an error and prevent application submission. To correct an inadequate level of match, return to Screen "6l. Match" to make changes.

Cash and In-Kind Match entered into the budget must qualify as eligible program expenses under the CoC program regulations. Compliance with eligibility requirements will be verified at grant agreement.

The Total Budget automatically calculates when you click the "Save" button.

Before Starting the Project Application

To ensure that the Project Application is completed accurately, ALL project applicants should review the following information BEFORE beginning the application.

Things to Remember

- Additional training resources can be found on the HUD Exchange at <https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/> - Program policy questions and problems related to completing the application in e-snaps may be directed to HUD via the HUD Exchange Ask A Question.
- Project applicants are required to have a Data Universal Numbering System (DUNS) number and an active registration in the Central Contractor Registration (CCR)/System for Award Management (SAM) in order to apply for funding under the Fiscal Year (FY) 2017 Continuum of Care (CoC) Program Competition. For more information see FY 2017 CoC Program Competition NOFA.
- To ensure that applications are considered for funding, applicants should read all sections of the FY 2017 CoC Program NOFA and the FY 2016 General Section NOFA.
- Detailed instructions can be found on the left menu within e-snaps. They contain more comprehensive instructions and so should be used in tandem with onscreen text and the hide/show instructions found on each individual screen.
- Before starting the project application, all project applicants must complete or update (as applicable) the Project Applicant Profile in e-snaps.
- Carefully review each question in the Project Application. Questions from previous competitions may have been changed or removed, or new questions may have been added, and information previously submitted may or may not be relevant. Data from the FY 2016 Project Application will be imported into the FY 2017 Project Application; however, applicants will be required to review all fields for accuracy and to update information that may have been adjusted through the FY 2016 post award process or a grant agreement amendment. If the ARA is reduced through the CoC's reallocation process, the final project funding request must reflect the reduced amount listed on the CoC's reallocation forms.
- HUD reserves the right to reduce or reject any renewal project that fails to adhere to 24 CFR part 578 and the application requirements set forth in the FY 2017 CoC Program Competition NOFA.

Once you are done reviewing, you will be guided to a "Submissions without Changes" screen. At this screen if you decide no edits or updates are required to any screens other than the mandatory questions for 3C and/or 6D,7A and 7B, you are allowed to submit the application without ever needing to edit the rest of the application. However, if you determine that changes need to be made to the application, we have given you the ability to open up individual screens for edit, instead of the entire application.

Once you select the screens you want to edit via checkboxes, you will click "Save", and those screens will be available for edit. An important reminder, once you make those selections and click "Save", you cannot uncheck those boxes. You are allowed to select additional boxes even after saving your initial selections. Again, you must click "Save" for those newly selected screens to be available for edit.

If your project is a First Time Renewal, your project will not be able to utilize the "Submit Without Changes" function. The Submissions Without Changes page will be automatically set to "Make Changes" and you will be required to input data into the application for all required fields relevant to the component type.

1. Has the recipient successfully submitted the APR on time for the most recently expired grant term related to this renewal project request? Yes

2. Does the recipient have any unresolved HUD Monitoring and/or OIG Audit findings concerning any previous grant term related to this renewal project request? No

3. Has the recipient maintained consistent Quarterly Drawdowns for the most recent grant term related to this renewal project request? Yes

4. Have any Funds been recaptured by HUD for the most recently expired grant term related to this renewal project request? Yes

Explain the circumstances that led HUD to recapture funds from the most recently expired grant term related to this renewal project request.

The Greater Hartford Rental Assistance project had some funds recaptured by HUD during the most recent expired grant term. The recaptured funds were due to the tenants having income and thus paying a higher tenant portion of the rent, as well as and the project's ability to help tenants locate housing that is affordable. The experienced housing coordinators negotiate favorable rents with landlords. In the past, the project was able to go over capacity and house additional families. In an effort to stay close to expending all funds, we were not able to predict all tenant income increases and some departures from the program, although we house new participants as quickly as possible. We will continue to monitor expenditures for this grant and will continue to house additional CH people as funding allows.

3B. Project Description

1. Provide a description that addresses the entire scope of the proposed project.

The Greater Hartford Rental Assistance program is conducted by the Capitol Region Mental Health Center, a lead behavioral health authority of the DMHAS. This grant previously included a legacy 1993 grant of 156 certificates, the 2003 Family Grant of 15 certificates, the 2006 Shelter Plus Care grant of 7 certificates the 2012 grant of 10 certificates, as well as the 2013 grant of 11 CH certificates. This grant will continue serving 200 individuals & families who have experienced homelessness and are disabled. There is a critical community need for PSH to serve CH persons in the region. This project follows HUD Notice CPD-14-012 to prioritize serving CH persons w/the longest history of homelessness & most severe service needs in order. The Greater Hartford Coordinated Access Network (GH CAN) is part of the statewide Coordinated Entry System (CES), coordinating outreach to unsheltered & sheltered people, determining priority based on length of homelessness & vulnerability, using common assessment tool. Full range of behavioral health services are provided by the Applicant. Case management services staff work with participants to identify strengths, goals & issues, develop individualized service plan to meet specific goals and growth targets. Behavioral health care services address disability issues & domestic violence recovery plans. This Applicant, DHMAS, has many contracts with non-partners. The program also provides assessment of service needs, education services, employment assistance, food, housing search & counseling services, life skills training & transportation. The project relies on HUD funds to support activities that cannot be funded through mainstream sources; HUD CoC funds are needed to make this project possible, help end chronic homelessness in CT BOS CoC. Outreach is conducted by PATH staff, Housing Outreach Teams, & in all shelters . All non-partners work closely with the DMHAS to ensure tenants are connected to mental health services (both state & Medicaid funded) & providers make referrals to health centers, substance use treatment, food pantries, transportation, employment, education & other services. This project has SOAR affiliation to help connect with benefits. This project follows Housing First, provides housing quickly w/o barriers such as income, sobriety, or service participation requirements. The GHRA program's experienced housing coordinators inspect apartments, confirm leases & generate proper tenant rent portion calculations. Performance goals for the program are to for over 90% of participants to retain housing for over 6 months to exit to permanent destinations, & for 90% of those over 18 years to maintain or increase income.

3C. Dedicated Plus

Dedicated and DedicatedPLUS

A "100% Dedicated" project is a permanent supportive housing project that commits 100% of its beds to chronically homeless individuals and families, according to NOFA Section III.3.b.

A "DedicatedPLUS" project is a permanent supportive housing project where 100% of the beds are dedicated to serve individuals with disabilities and families in which one adult or child has a disability, including unaccompanied homeless youth, that at a minimum, meet ONE of the following criteria according to NOFA Section III.3.d:

- (1) experiencing chronic homelessness as defined in 24 CFR 578.3;
- (2) residing in a transitional housing project that will be eliminated and meets the definition of chronically homeless in effect at the time in which the individual or family entered the transitional housing project;
- (3) residing in a place not meant for human habitation, emergency shelter, or safe haven; but the individuals or families experiencing chronic homelessness as defined at 24 CFR 578.3 had been admitted and enrolled in a permanent housing project within the last year and were unable to maintain a housing placement;
- (4) residing in transitional housing funded by a joint TH and PH-RRH component project and who were experiencing chronic homelessness as defined at 24 CFR 578.3 prior to entering the project;
- (5) residing and has resided in a place not meant for human habitation, a safe haven, or emergency shelter for at least 12 months in the last three years, but has not done so on four separate occasions; or
- (6) receiving assistance through a Department of Veterans Affairs(VA)-funded homeless assistance program and met one of the above criteria at initial intake to the VA's homeless assistance system.

A renewal project where 100 percent of the beds are dedicated in their current grant as described in NOFA Section III.A.3.b. must either become DedicatedPLUS or remain 100% Dedicated. If a renewal project currently has 100 percent of its beds dedicated to chronically homeless individuals and families and elects to become a DedicatedPLUS project, the project will be required to adhere to all fair housing requirements at 24 CFR 578.93. Any beds that the applicant identifies in this application as being dedicated to chronically homeless individuals and families in a DedicatedPLUS project must continue to operate in accordance with Section III.A.3.b. Beds are identified on Screen 4B.
