

COVID-19

How to Stay Safe

What is COVID-19? COVID-19 is a new respiratory virus. It has the potential to cause severe illness and pneumonia in some people.

What are the Symptoms?

Illnesses can be mild, or in some cases can be severe enough to require hospitalization. Symptoms of this respiratory illness primarily include:

Fever

Cough

Shortness of Breath

How can I prevent getting myself and others sick?

Wash hands often with soap and warm water. If you do not have those, use hand sanitizer.

Avoid touching eyes, nose, or mouth with unwashed hands.

Avoid contact with sick people.

Cover mouth and nose with a tissue or sleeve when coughing or sneezing.

*Street doctors, nurses, and outreach workers must avoid contact to ensure we do not get anyone sick. We are doing this because we care about you and want you to **STAY HEALTHY!***
